## SLEEPSAVER<sup>®</sup>

THE PERFECT SOLUTION FOR CPAP OPEN MOUTH BREATHERS!

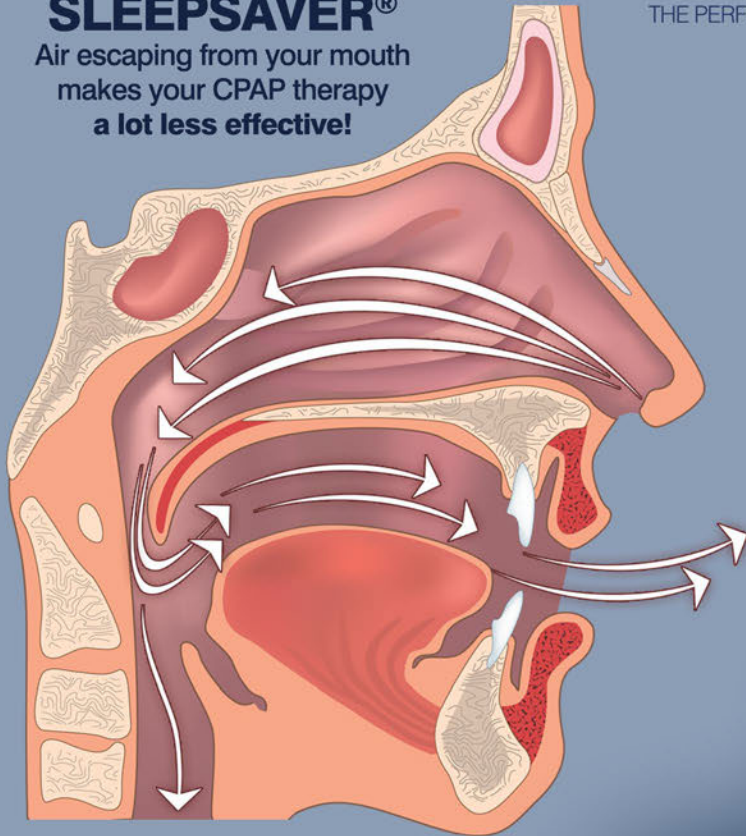

# END THE NIGHTLY TORTURE

of Chinstraps & Full Face CPAP Masks

## WITHOUT SLEEPSAVER®

Air escaping from your mouth makes your CPAP therapy a lot less effective!

## WHEN THE MOUTH IS OPEN DURING SLEEP

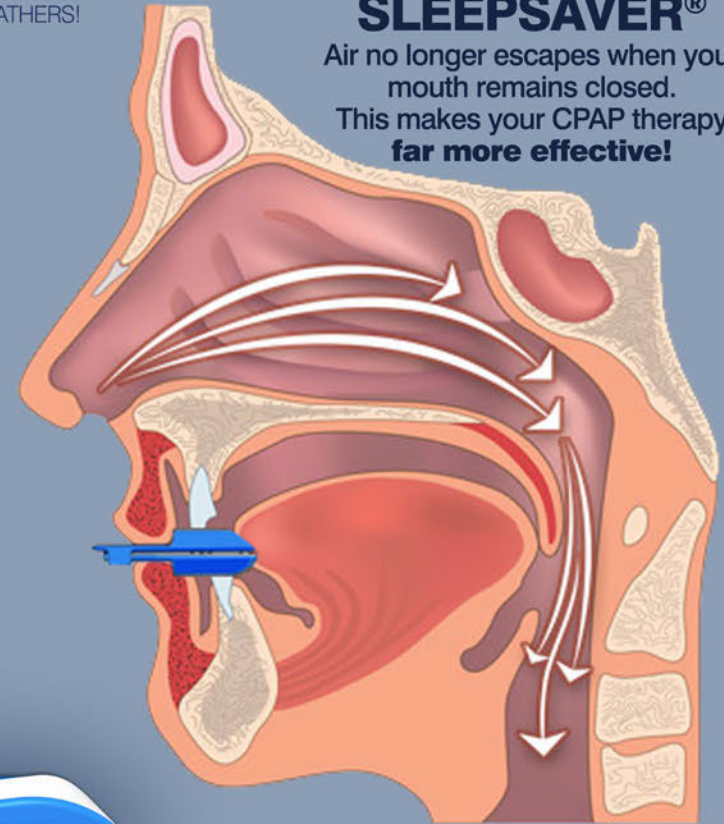

Air supplied by your CPAP device will escape through your mouth if you are an open mouth breather. For many, this means **an uncomfortable chinstrap or full face mask is needed** when using CPAP therapy.

# SLEEPSAVER®

THE PERFECT SOLUTION FOR CPAP OPEN MOUTH BREATHERS!

## WITH SLEEPSAVER®

Air no longer escapes when your mouth remains closed. This makes your CPAP therapy far more effective!

## WHEN THE MOUTH IS CLOSED DURING SLEEP

Air no longer escapes from the mouth. This means you get the full effectiveness of your CPAP therapy. The SLEEPSAVER® is made for open mouth sleepers so you receive the full benefit of your CPAP therapy without the discomfort of chinstraps and full face masks.
