

We're changing
the face of sleep

Wisp

Performance has a new style

Developing solutions that meet the needs of a rapidly changing industry calls for fresh thinking and collaboration. At Philips Respironics we traveled around the world asking clinicians, homecare providers, and patients how we could improve their experience.

Clinicians wanted us to resolve the tradeoff between nasal and pillows masks, homecare providers wanted a solution that could reduce operational complexity by getting more patients served from one package, and patients wanted a better overall mask experience that improved their lifestyle.

When you put it all together, the answer is Wisp.

- Compact design comfortably fits more than **98%** of patients

- Patients said they had a **better quality of sleep** with Wisp over the leading pillows and nasal masks

Allies
in Better Sleep
and Breathing

At Philips Respironics we're listening carefully to you and working toward solutions that contribute to healthy patients and healthy businesses.

- The minimized design and headgear clips make it easier for patients to use and clean

Wisp delivers

During our CPAP patient preference and RT/ST ease of use studies, Wisp was preferred over the leading nasal and nasal pillows masks in these categories:

Patient preference study results	Comfort
	Ease of use
	Seal
	Quality of sleep
	Less nostril irritation

RT/ST preference study results	Fit & seal
	Ease of assembly & disassembly
	Ease of patient setup

Resolving the tradeoff
