FlexiFit™ 406 Petite Nasal Mask

Presented With Compliments From
www.DirectHomeMedical.com

The **FlexiFit™ 406** Petite Nasal Mask, developed using our anthropometric database with thousands of facial contours, provides a better fit and superior comfort for finer features.

FlexiFit™ Technology provides a greater range of movement at the nasal bridge, simplifying the fitting process while improving the seal and comfort. The unique **Glider™** Strap remains for freedom of movement while maintaining a seal. The **Stretchgear™** Headgear maximizes comfort and minimizes facial pressure during head movement.

The **FlexiFit™ 406** Petite Nasal Mask comes completely assembled for a complete and simple Out-of-Box Solution.
