

As light on your face
... as it is on the scales!

Incredibly light, the Mirage Swift weighs about 70g (2½ oz). It is one of the lightest nasal pillows systems you will ever wear.

Mirage Swift sits lightly on your face, with the pillows positioned at the entrance of your nostrils. Ingenious design minimizes contact with your face so you feel comfortable during therapy.

... so light
... so flexible
... and it works!

Mirage Swift™
Nasal Pillows System

Enjoy the flexibility only Mirage Swift™ can offer

The Mirage Swift™ Nasal Pillows System offers four interchangeable tube positions—up or down, left or right.

This flexibility provides the freedom you are looking for. It gives you greater choice of sleeping positions for a comfortable night's sleep.

Discover the freedom with Mirage Swift

Freedom of choice

—an effective option you can use every night or to complement your cushion mask.

Freedom to be yourself

—leaves no marks near your eyes and helps you feel more like yourself. You can even wear glasses if you want to read or watch television at bedtime.

Freedom to get more out of life

—light, elegant, and compact, it's the perfect choice for an active lifestyle—ready to travel wherever you want to go!

Freedom in fitting & wearing

—after first-time adjustments, you can fit your Mirage Swift quickly and easily, without clips or Velcro®.

Freedom of comfort during therapy

—a soft pillow sleeve keeps the nasal pillows in place without applying extra pressure on your nose.

Freedom of movement

—interchangeable tube positions offer more sleeping positions.

Discover the ResMed difference

In addition to being light and flexible, the Mirage Swift is a nasal pillows system that really works.

ResMed Mirage® represents premium, tried and trusted products for positive airway pressure therapy.

That is why people like you, all over the world, prefer ResMed's exclusive brand of excellence.
