A BREAKTHROUGH IN SLEEP APNEA TREATMENT!

THE ULTIMATE CPAP SOLUTION

CPAP + MANDIBULAR ADVANCEMENT

USE CPAP IN COMFORT

Minimal contact with your face and the ability to sleep in any position provides you with an exceptional level of comfort.

APNEAPAP®

Precision engineered to be lightweight and whisper quiet so you'll barely notice it's there.

CPAP without the torture.
No more annoying chin straps.

DOUBLE MOUTHPIECE

The increased holding power means no-more uncomfortable chin straps. The added mandibular advancement moves the lower jaw slightly forward preventing airway obstruction.

"APNEAPAP® saved our lives. We're sleeping all night and feel healthier than we have been in years."

A REVOLUTIONARY DEVICE

The APNEAPAP® is the only CPAP device that combines CPAP with mandibular advancement

The ultimate CPAP solution for maximum comfort & health.

NO CHIN STRAPS

No head gear

No marks or sores on your face

Ultra lightweight and sturdy

Infinitely adjustable for comfort

Works with all major PAP machines

DCC#: 14-228
